

INVESTIGATING THE CASE FOR CHRIST

1 Peter 3:15 NKJV

When we don't seek spiritual truth for ourselves, our faith can't flourish.

God promises to meet us as we search for truth.

A good investigator explores all the angles.

God's truth is not limited to the sources we prefer.

All four of the Gospels record the resurrection of Jesus from the dead.

Everything changes if the resurrection is true.

Healthy skepticism has everything to do with your attitude and commitment to the truth.

Your success in finding answers to your questions depends on the condition of your heart.
