

## SECOND CHANCE

JOHN 21:1-19 NKJV

Forgiving ourselves is not as easy as it would appear to others.

Jesus takes the initiative in forgiveness.

None of us are immune to letting Jesus down.

God doesn't stop loving us when we make a mistake.

Faith without risk requires no faith at all.

Jesus offered Peter a future.

Jesus offers us forgiveness and freedom.

We too need to deal with our past in order to move on into the future.

Honesty about the strength and health of a relationship is important.
