

What we spend our money on shows our values.

God's principle is that our giving is in proportion to our income.

Possessions can control our lives if we're not careful.

A recent survey conducted by PEW Research in 2018 revealed that only 3-5% of Christians give ten percent of their income to the local church.

People who tithe regularly typically have less debt than those who do not tithe. Health Research Funding Survey

“You can't be a bad money manager and be managing other things well. Money is just the outside indicator of what's going on in our lives spiritually.” Larry Burkett
